EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jennifer Wahlsten on 3/30/2006.

The application has been amended as follows:

IN THE CLAIMS:

Claim 29, lines 1-3, delete, "comprising fibrinogen and an admixed.....and mixtures thereof" and insert, ---comprising a therapeutically effective amount of fibrinogen and eglin.----

Claims 36-39, line 2, delete, "elastase inhibitor" and insert, ---eglin---.

Claim 60, lines 1-2, delete, "elastase inhibitor" and insert, ---eglin---.

Art Unit: 1655

Claim 70-73 are no longer withdrawn and are now pending, rejoined and examined claims.

Claim 70, lines 2-4, delete, "a tissue adhesive preparation containing fibrinogen.....and mixtures thereof" and insert, ----the tissue adhesive preparation of claim 29.---

Claim 72, lines 2-3, delete, "a tissue adhesive containing fibrinogen and an elastase inhibitor" and insert, ---the tissue adhesive of claim 29---.

The following is an examiner's statement of reasons for allowance: there is no art of record which anticipates the claims. Applicant's unexpected results of eglin and fibrinogen used together in the specification has been reconsidered. Since applicant has shown unexpected results using eglin and fibrinogen together as noted in applicant's appeal brief, the rejections under 35 USC 103 are withdrawn due to the unexpected results that applicant has attained using the combination of eglin and fibrinogen.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
